Aviation Security

Also bookable as
a presence seminar!

- Tested content approved by the German Federal Aviation Authority (Luftfahrt-Bundesamt, LBA).
- Graphic adjustment of image material to suit your local situation.
- Comprehensive update guarantee in case of legal changes.
- Reliable deadline management thanks to systematic reminder function.
- Easy online access—worldwide and around the clock (24/7).

COURSE DESCRIPTION:

You acquire the knowledge specified by the German Federal Aviation Authority in attractively presented chapters. The use of photo material of your own locality ensures sustained learning success without transfer losses. The training is structured in accordance with the legally specified module system.
